Competitive Benchmarking Reports are created using the [Leapfrog Value-Based Purchasing \(VBP\) Program](#)TM methodology. *Leapfrog is not able to calculate a VBP Value Score for some hospitals. For more information, download the Leapfrog VBP Program methodology on our [website](#).*

The Leapfrog VBP Program is a comprehensive hospital pay-for-performance program that creates composite scores from the measures on the Leapfrog Hospital Survey and focuses on the most important national patient safety, quality, and resource use standards. Using the Leapfrog VBP methodology, hospitals are assigned a numerical VBP Measure Score for each individual measure on the Leapfrog Hospital Survey, ranging from 0 (worst performance) to 100 (best performance).

Premium [Competitive Benchmarking Reports](#) are available for hospitals that are interested in using their Leapfrog Hospital Survey Results for targeted quality improvement and for engaging with their hospital leadership and staff.
