Leapfrog’s Historic Ratings Programs

Leapfrog Hospital Survey

• For the past 18 years, Leapfrog has been asking hospitals to voluntarily report about the quality and safety of the inpatient care they provide
  − Over 2,000 hospitals across the U.S. voluntarily report to the Leapfrog Hospital Survey

Leapfrog Hospital Safety Grade

• Since 2012, Leapfrog has been assigning A, B, C, D, or F grades to general acute care hospitals in the U.S.
  − Leapfrog Hospital Safety Grades are assigned to over 2,600 hospitals across the U.S., whether or not they submit a Leapfrog Hospital Survey, and are based on 28 measures of safety related to inpatient care

*Leapfrog does not plan on grading ASCs at this time.
Initiatives launched on April 1, 2019

Answers to Current FAQs
Question: How do I request a Security Code?

Each ASC will need a 16-digit security code in order to access the Online ASC Survey Tool.

In order to ensure that only authorized individuals have access to the 2019 Leapfrog ASC Survey for each facility, a Security Code Request Form must be completed. There are two options for requesting a security code:

- **Option 1**
  - Join Leapfrog’s NHSN Group
  - Have the individual listed as the “NHSN Administrator” complete and sign the Security Code Request Form
  - Print the Security Code Request Form on letterhead and submit it to the Help Desk.

- **Option 2**
  - Obtain a copy of the facility’s national accreditation letter or certificate, or the facility’s county or state business license
  - Have the Facility Administrator complete and sign the Security Code Request Form
  - Print the Security Code Request Form on letterhead and submit it with the required documentation to the Help Desk.

Note: In addition to the Facility Administrator referenced above, the Nurse Manager, Medical Director, or CEO may also submit a Security Code Request Form on behalf of their facility.

For help navigating the Online Survey Tool, refer to our Quick Start Guide. Survey submissions will be accepted up until November 30. All deadlines can be reviewed here.

If you have any questions, please contact the Leapfrog Help Desk at https://leapfroッグhelpdesk.zendesk.com.
Question: How will results be reported and used?

Reporting of Responses

- Leapfrog will not score Leapfrog ASC Survey responses or publicly report individual ASC Survey Results in 2019.
- However, ASCs will receive a free individual **ASC Benchmarking Report** which will be accessible via the ASC Details Page.
  - First ASC Benchmarking Report: September (submit by June 30)
  - Second ASC Benchmarking Report: February (submit by November 30)
- Leapfrog will not share the ASC Benchmarking Reports externally, but ASCs may share their own ASC Benchmarking Reports as they choose
- Aggregated responses from the 2019 Leapfrog ASC Survey and Section 10 of the 2019 Leapfrog Hospital Survey will be used in a **national report**.
- Leapfrog plans to score Survey responses and publicly report individual ASC Survey Results in 2020.

Ensuring Data Accuracy

- Leapfrog has several protocols in place to ensure the accuracy of our data including an Affirmation of Accuracy after each section, Data Review Warnings in the Online Survey Tool, a Monthly Data Review, and Monthly Requests for Documentation. Please review the protocols [here](#).
Question: How will results be reported and used? (cont.)

Current Example of Public Reporting for Hospitals -

Leapfrog Hospital Survey Results are publicly reported at [www.leapfroggroup.org/compare](http://www.leapfroggroup.org/compare) by hospital and by measure

We anticipate doing something similar in 2020 for ASCs
Question: My facility does not participate in OAS CAHPS or do an AHRQ Culture of Safety Survey, can I still participate?

Yes. Hospitals and ASCs that are not participating in the OAS CAHPS and the AHRQ Culture of Safety Surveys are still eligible to participate in the 2019 Leapfrog Hospital Survey and 2019 Leapfrog ASC Survey. You will be able to respond “no” to the corresponding questions in the Survey and will still be able to answer all other questions.

While Leapfrog understands that the OAS CAHPS Survey is still a voluntary component of the CMS ASC Quality Reporting Program, this survey is the only nationally standardized instrument designed to compare patient experience in both HOPDs and ASCs. No other survey has been tested and validated for this purpose. All measures included in Leapfrog’s programs are predicated on the latest evidence and recommended by Leapfrog’s panels of experts. Most of all, they are a high priority to consumers, employers, and other purchasers.
